#worldpuppetryday19

In 2003, the Union Internationale de la Marionnette (UNIMA), the international union of puppetry, launched World Puppetry Day which takes place every **March 21**.

This World Day seeks to promote the puppetry arts by promoting, among other objectives:

- the maintenance and safeguarding of traditions and, at the same time, the renewal of the art of puppetry;
- the use of puppetry as a means of ethical and aesthetic education;
- the participation of international organizations that have similar goals.

Each year since 2003, an influential multidisciplinary artist is invited by UNIMA to write the annual message for this special day.

Internationally recognized personalities who have prepared the message since 2003: Dr. Kapila Vatsyayan, Sirppa Sivori-Asp, Dario Fo, Michael Meschke, Sennosuke Takeda, Jean-Pierre Guingané, Petr Matásek, Robert Lepage, Henryk Jurkowski, Joan Baixas, Roberto De Simone, Eduardo Di Mauro, Behrooz Gharibpour, Nancy Lohman Staub.

You can find it on our website www.unima.org, page "Projects and Achievements", and then "World Puppetry Day".

This year, UNIMA asked Dadi Pudumjee to write the message. **Dadi D.**

Pudumjee is one of India's creative modern puppet artists and directors. During his career, he has worked as guest director for Puppen Theatre - Berlin German Democratic Republic (1979), has been founder and artistic director of Sutradhar Puppet Theatre - India (1980-1986) and founder and director of Ishara Puppet Theatre Delhi (from 1986). He's now Managing Trustee of the Ishara Puppet Theatre Trust. Moreover, he's curator of the annual Ishara International puppet festival Delhi, in its 17th season in 2019. He has created puppets for many TV shows, and serials, exhibitions, pavilions, dance shows, operas and celebrations. He leads the UNESCO EU project on HIV/AIDS and Substance abuse with SBT DELHI. He is president of UNIMA since 2008.

This message, translated into three of the UNIMA's official languages (French, English, Spanish), is disseminated as widely as possible on March 21. The goal, leveraging UNIMA's international outreach through its national centres, is to promote appreciation of this enduring human endeavour.

It is celebrated in a variety of ways. Those organizing events celebrate World Puppetry Day according to their own needs and purposes.

Celebrations may take the form of one or more of the following activities or events:

- * a festival
- * a series of puppet shows
- * puppetry exhibitions
- * puppetry workshops
- * meetings
- * symposiums
- * the reading of that year's World Puppetry Day message

... It's up to you imagine what's next...!

The initiative can be carried by a National Centre or imagine with a city or it exists thanks to individual enthusiasm.
