In our first meeting, we incorporated all the changes approved by the Digital Congress into the Statutes, the Rules of Procedure and the Templates for the National Centers. They were then published on the UNIMA Website.

All other meetings were devoted to discussion and decision-making on the following topics:

- a) Changes to the statutes, rules of procedure and templates to allow and to regulate for digital meetings and electronic voting.
- b) Amendments to the Statutes that would address and stimulate UNIMA's policy on gender equality and sustainability.
- c) Preparing the motions for the extraordinary Congress Day on Bali.

The commission also discussed the proposals for motions of several UNIMA members.

The commission revised the statutes of: Dominican Republic, Guinée Conakry, Pakistan, Senegal, Sudan, Thailand, Trinidad-Tobago, Tunisie, Zambia, Ghana, Iraq.
